

Warren County

Emergency 911

The Warren County E911 Communications Center updates addresses as needed.

When addresses are assigned to livable structures such as mobile homes, houses, apartments, or commercial buildings, please make sure the description of your property is updated in the 911 Master Address Guide. The importance of proper addressing cannot be overstated; during an emergency, it could mean the difference between life and death. We need your help to make sure when help is needed the 911 personnel will send first responders to the correct address.

Your continued support will help us help you in your time of need.

Please provide the following information.

Residential Property

Name of occupants (Adults only)

Address

Description of property

Landline or cellphone numbers

Emergency contact information (only if it's different from what's listed above)

Business Owners

Name of Business

Address

Description of property

Business Telephone Number

Emergency contact information

All information received will be used for 911 purposes only.

Please email the information to: 911@warrencountyga.gov

Thank you,

Patricia Kendrick-Walker 911 DIRECTOR
