NOTICE: The contents of this publication are presented for informational purposes only and should not be considered in any way legal or professional assistance. We encourage you to seek the advice and counsel of a licensed professional when dealing with legal and financial matters.

While care has been taken to provide accurate, up-to-date information, the information presented has been collected from numerous sources and is subject to errors and changes and should be further researched for updates and accuracy.

WHAT IS AN ENTREPRENEUR?

- *Someone who organizes and maintains a business venture*
- *Someone who takes on the risk and does what he/she wants in order to make a profit*
- *Someone who can coordinate the resources available to meet a need*

How can you become an entrepreneur? How can you start your own business? The Warren County Chamber of Commerce and Development Authority have designed this booklet to simplify transition into the role of an entrepreneur. The Warren County Guide to Starting & Growing a Business will make establishing your own business easier by giving you “one stop shopping” for the information you will need. The Warren County Chamber of Commerce and Development Authority are determined to promote economic growth and development. We believe this begins with you. By giving you the proper tools, we can help build a strong economic foundation. We hope this booklet will be of assistance. In order to receive the maximum benefits of the information contained in this booklet, we suggest you treat this booklet as you would a workbook. Start at the beginning and work through to the end, making notes along the way.

This book would not have been possible without the dedication of many individuals and the cooperation of many organizations. We would like to thank all those who contributed in any way.

IS ENTREPRENEURSHIP FOR YOU?

There is no way to eliminate all the risks associated with starting a small business. You can improve your chances of success with **good planning** and **preparation**. A good starting place is to evaluate your strengths and weaknesses as the owner and manager of a small business. Carefully consider each of the following questions.

- Are you a self-starter? It will be up to you - not someone else telling you to develop projects, organize your time, and follow through on details.
- How well do you get along with different personalities? Business owners need to develop working relationships with a variety of people including customers, vendors, staff, bankers, and professionals such as lawyers, accountants or consultants. Can you deal with a demanding client, an unreliable vendor, or unreliable staff person?
- How good are you at making decisions? Small business owners are required to make decisions constantly, often quickly, under pressure, and independently.
- Do you have the physical and emotional stamina to run a business? Business ownership can be challenging, fun and exciting. But it's also a lot of work. Can you face 12-hour work days six or seven days a week if necessary?
- How well do you plan and organize? Research indicates that many business failures could have been avoided through better planning. Good organization of financials, inventory, schedules, and production can help avoid many pitfalls.
- Is your drive strong enough to maintain your motivation? Running a business can wear you down. Some business owners feel burned out by having to carry all the responsibility on their shoulders. Strong motivation can make the business succeed and will help you survive slowdowns as well as periods of burnout.
- How will the business affect your family? The first few years of business startup can be hard on family life. The strain of an unsupportive spouse may be hard to balance against the demands of starting a business. There also may be financial difficulties until the business becomes profitable, which could take months or years. You may have to adjust to a lower standard of living or put family assets at risk.

SCORE SELF BIZ QUIZ

Are you the type person who should open their own business? Take this short quiz and see how your score adds up.

MOTIVATION		Disagree						Strongly Agree			
1	I constantly see business opportunities or ideas with potential commercial value	1	2	3	4	5	6	7	8	9	10

CHECKLIST FOR ENTREPRENEURS

Starting your own business is not something to be rushed into. Careful, advanced planning can ensure the success of your venture. Below is a suggested one-year plan.

ONE YEAR BEFORE START-UP

- Refine your ideas in writing. Determine exactly where you want to go.
- Decide what business you want to start. Be specific in your business definition.
- Assess the impact on your family and personal life. How will this affect your relationships? Will your family support the use of finances and time?
- Begin research. You must determine if there is a need for your product. This research can be performed by students, professionals, or even on your own.
- Contact the Small Business Development Center for assistance in writing a business plan and other business start up services.
- Contact the Georgia Department of Labor for information on educational seminars on labor/safety issues.

SIX MONTHS BEFORE START-UP

- Determine the focus of your business. What do you want to specialize in? It is easier to excel at one area than at many.
- Start writing your business plan.
- Define your target markets. Who is your intended clientele? Who should you aim your advertising towards?
- Research business and trade organizations. Most areas of business have agencies and organizations set up to facilitate business. Take advantage of what these groups have to offer.
- Start looking for the best location for your business. Do you need little or lots of space? Would your business be better suited downtown or in a rural part of the county? Is a store-front location needed or can you work from your home? Location can make or break a business. Conduct the search on your own or contact a real estate agent.

FOUR MONTHS BEFORE START-UP

- Name your business. Be careful in deciding on a name and be aware that someone may already be using the name. Have a few back-up ideas. You can check to see if a name is being used by contacting the Georgia Office of the Secretary of State.
- Make a final selection of the business location. Make sure that the location you choose is within your budget and also fits into your business plan. Cheaper rent may cost you more in the long run. Remember: Location, location, location.

- Select outside advisors. This will be a very hectic time. It will be beneficial to have people you can call on to listen to your ideas, problems, and plans and provide feedback. These people should be able to provide you with guidance, constructive criticism, and feedback. They should be people experienced and knowledgeable in business.
- Set up a network of mentors. Select people who can help you by giving you insight and ideas.
- Choose your business' legal form. Will you be a partnership, sole proprietorship, or corporation? Legal form should be chosen very carefully as it can impact your business in many ways.
- Set up bookkeeping, accounting and office systems. How are you going to operate your office? If you are going to keep your own books, make sure your skills are adequate Will you need to hire a bookkeeper/bookkeeping firm?
- Seek outside demographic information on your targeted customer base. Gather secondary information.
- Continue working on your business plan.

THREE MONTHS BEFORE START-UP

- Determine your cash needs. How much money do you need for start-up? What will be your monthly variable and fixed costs? What is your break-even point? These are all questions that must be answered. You must estimate your cash flows.
- Review preliminary financial objectives. How much profit do you expect to make? Are you planning on making investments? What is your intended cash flow?
- Decide on your pricing strategy. After determining your variable and fixed costs, decide what your markup rate will be. You will also need to consider demand and competitive factors in setting your price.
- Forecast sales. Contact the SBDC or others in your field to help you forecast accurately.
- Determine your company's employee needs. How many people do you need on your staff? This is important to decide as it effects your requirements for insurance, cash flow, etc.
- Project your cash flow. Write out an estimated statement of all revenues and expenditures. This statement should cover one calendar year. Also project your net cash flow for the entire year.
- Continue working on and refining your business plan.

TWO MONTHS BEFORE START-UP

- Prepare your marketing plan. How are you going to market your product and how much will it cost? Are you going to use publicity? Are you going to use paid advertisement? You must decide how you will go about introducing your business to the public.
- Get your business license. (See occupational tax)
- Review non-financial objectives (public image, legal questions). How do you want the public to see your business? Are you a family establishment or geared more toward adults? What form is your business taking? Do you have all legal documents needed?
- Prepare a preliminary balance sheet. Contact the SBDC for assistance.
- Secure necessary financing. Whether through a private lender or through other sources, you must obtain the necessary amount of start-up capital.
- Secure insurance coverage if applicable. (See Labor/Safety)
- Determine advertising, promotion, and public relations strategies.
- Order opening inventories. Talk to your suppliers for estimated opening needs.
- Complete improvements to your facility.
- Start your hiring process. (See Labor/Safety)
- Refine your business plan.

ONE MONTH BEFORE START-UP

- Fine tune your cash flow budget
- Prepare for your grand opening. The Warren County Chamber of Commerce can be of assistance in planning your event. Be creative but practical.
- Set up your office, display areas, etc. Have everything exactly as you want it. The last few days before opening are not the time to do this. The look of your store or office sets the tone for your business. You should put thought and time into it.
- Review your final checklist.
- Hire your staff. (See Labor/Safety)
- Make sure everything works. It is better to find out that your equipment does not work in advance. In that case, you can make any necessary repairs and be ready to open your doors on time.
- Implement marketing, promotion, and opening plans. This will be a good time to start advertising in local newspapers, radio, and television if your budget permits. Remember: Word of mouth is your most powerful publicity! It's also the least expensive. Spread the word.

START-UP AND AFTER

- Budget your time. As a new business owner your time will be precious. Schedule your time wisely. It is important to get the maximum out of time you have available. You might consider reading some time management materials or speaking with someone who you think manages time wisely.

- Continuously update your product/service. What is good about your product? Make it better. What doesn't work with your product? Eliminate the problem as much as possible. If people patronize your business for the original product, an improved product can only increase that.

- LISTEN to your customers, advisors, and vendors. The customers are your cash flow. It is important to gather their opinions and put them to use. Their ideas can be helpful in updating your product. LISTEN to your advisors. You asked them to advise you for a reason. Let them guide you. LISTEN to your vendors. These vendors have been in the business much longer than you have. They can possibly provide you with money-saving or moneymaking ideas.

- Check cash flow budget against actual performance

- Maintain good communications with your bankers and vendors. By keeping the lines of communication open you are helping yourself. Should you need their help in the future, you will be more likely to receive it.

- Continue to improve the 5 C's of credit (Character, Collateral, Capacity, Capital, and Condition)

- Work with investors. Make sure you are in contact with them. Make sure that you understand the conditions of your repayment. When are payments due? Make sure you fulfill all obligations to investors. You may need to call them again someday.

- Check cost of living budget. If you are drawing money from the company for living expenses, be sure to take only what is necessary. Stick tightly to your budget.

- **CONSIDER DELAYING YOUR OFFICIAL GRAND OPENING/RIBBON CUTTING UNTIL YOU'VE BEEN IN BUSINESS FOR A COUPLE OF WEEKS.** If you do, you can make sure that you've worked the "bugs" out and that all is running smoothly.

THE BUSINESS PLAN

A business plan precisely defines your business, identifies your goals, and serves as your firm's resume. The basic components include a current and pro forma balance sheet, an income statement, and a cash flow analysis. It helps you allocate resources properly, handle unforeseen complications, and make good business decisions. Because it provides specific and organized information about your company and how you will repay borrowed money, a good business plan is a crucial part of any loan application. Additionally, it informs sales personnel, suppliers, and others about your operations and goals.

The following outline of a typical business plan can serve as a guide. You can adapt it to your specific business. Breaking down the plan into several components helps make drafting it a more manageable task.

Introduction

- Give a detailed description of the business and its goals.
- Discuss the ownership of the business and the legal structure.
- List the skills and experience you bring to the business.
- Discuss the advantages you and your business have over your competitors.

Marketing

- Discuss the products/services offered.
- Identify the customer demand for your product/service.
- Identify your market, its size and locations.
- Explain how your product/service will be advertised and marketed.
- Explain the pricing strategy.

Financial Management

- Explain your source and the amount of initial equity capital.
- Develop a monthly operating budget for the first year.
- Develop an expected return on investment & monthly cash flow for the first year.
- Provide projected income statements and balance sheets for a two year period.
- Discuss your breakeven point.
- Explain your personal balance sheet and method of compensation.
- Discuss who will maintain your accounting records and how they will be kept.
- Provide "what if" statements that address alternative approaches to any problem that may develop.

Operations

- Explain how the business will be managed on a day-to-day basis.
- Discuss hiring and personnel procedures.
- Discuss insurance, lease or rent agreements, and issues pertinent to your business.
- Account for the equipment necessary to produce your products or services.
- Account for production and delivery of products and services.

Concluding Statement

- Summarize your business goals and objectives and express your commitment to the success of your business.
- Once you have completed your business plan, review it with a friend or business.
- When you feel comfortable with the content and structure make an appointment to review and discuss it with your lender. The business plan is flexible document that should change as your business grows.

FEASIBILITY & MARKETING STRATEGY

Is Your Business Idea Feasible?

Answer the following questions regarding your idea. Give complete, well thought out answers to these questions. If you are unsure about or answer no to any of the following questions, then you would rethink your idea.

- What type of business do you plan to start?
- What kind of product do you plan to offer?
- Will your product satisfy a need yet unfilled?
- Will your product have a competitive edge based on price, location, quality or selection?

Researching Your Markets

It is recommended that you research your potential market demand for your product or service. First, determine what questions you need answered. The following are ideas on where to find the information you need.

Primary Data:

- Your experience
- Experiences of people you know
- Survey potential customers to determine their wants/needs. Observe similar businesses
- Interview these business's owners
- Interview suppliers, vendors, bankers

Secondary Data:

- Visit your public library
- Contact trade associations (i.e. trade shows and trade journals)
- Contact the SBDC, Georgia Department of Economic Development, the Warren County Chamber of Commerce and/or the Warren County Development Authority. See the Resource Directory for contact information.
- Use various search engines on the Internet (i.e. Yahoo, Google, etc.)

Marketing Your Business

In order to properly market your product, you need to answer the following questions. This information can be used to help you develop your marketing plan. Contact the SBDC for more information on constructing this plan.

- Who are my customers? (This determines your target market)
- Where are they?
- How many are there? (This indicates your market size.)
- What are their needs?
- Who are my competitors?
- How does my competition do it? (One method of marketing/dealing with competition is the end-run strategy. In this strategy you adopt your competitors' strategy with the intention of making it better.)
- How can I reach them? (The distribution of your product is very important. Where your product is located can affect how well it sells.)
- How much will they pay? (The pricing of your product is also very important. You must take into consideration what your competitors charge.)
- What are the market trends? (What are people buying? It is important to be aware of what market trends are. This relates back to knowing your customers' needs. Try to distinguish between trends and fads.)
- What are the technological trends? (One obvious answer to this question is the Internet. Will you be using technology? How can it be used to help your business? Do you need to advertise on the Internet? Do you need a network of computers for your business? If you are in a business related to technology. It is imperative that you stay abreast of any changes.)

DEMOGRAPHIC INFORMATION

A variety of free demographic information is available on the Internet or through the local chamber of commerce office. This information breaks down population by different categories such as age, sex, race, income and education. It can be used to help identify the number of people who may use your business or services.

The Warren County Development Authority maintains a number of contacts with economic development organizations that can provide demographic information in partnership with the Authority. It is advised that businesses begin development of a business plan to determine demographic information that is needed. Then, contact the Authority to discuss sources of information.

PROCUREMENT: DOING BUSINESS WITH THE GOVERNMENT

Through the Governor's Small Business Center, learn how to become a registered vendor with the State of Georgia and its many agencies. Visit the Governor's Small Business Center website for more information, a list of current bid opportunities and to register online.

Source: Governor's Small Business Center -
www.georgia.org/business-resources/small-business-resource-directory

Georgia Tech maintains several regional offices across the state. Their goal: "To provide marketing and procurement technical assistance to Georgia businesses, large and small, operating in the government procurement markets at the federal, state, and local levels as a prime contractor or subcontractor. The Georgia Tech Procurement Assistance Center (GTPAC) has offices conveniently located throughout the state of Georgia. All counselors, locations, phone numbers and email addresses are posted under [team directory](#) for easy identification and access by the public. Contact the closest office to learn how we can help you do business with government agencies.

The closest Procurement Officer is in Augusta, Georgia. –

LEGAL ASPECTS OF STARTING A BUSINESS

Deciding what form of legal entity your business will take is an important decision. This will have an impact on the future of your business including your protection under the law, and the rules and regulations (for example, federal and state taxes) that will apply to you. It is recommended that before you enter into any of these four forms of business that you contact an attorney, CPA, or other qualified individual. The Warren County Chamber of Commerce can share with you their members who provide these services. Speaking with someone informed about the legal entities of business will reduce the risk of mistakes in the business setup. You can probably do the necessary paperwork and procedures yourself, but it makes sense to leave it up to the professionals. Also, contact the Small Business Development Center for more information.

THERE ARE FOUR BASIC FORMS THAT A NEW BUSINESS CAN TAKE:

- Sole Proprietorship
- Partnership (General or Limited)
- Corporation (C or S)
- Limited Liability Company (LLC)

A **sole proprietorship** is usually owned and operated by one person. Under the law, it is not actually considered a legal entity. It is instead considered an extension of the person who owns the business. This individual has sole ownership of assets, but is also solely liable for the debts of the business.

A **partnership** can be formed in two ways. A general partnership is comprised of two or more individuals who join to start a business. Each person has proportional ownership of the business assets and proportional liability for business debts. Each person also has authority in running this business. A partnership agreement can be drawn up to alter each person's particular liability. However, despite this document, creditors may collect from each and every member of the partnership (this may include personal assets).

A **limited partnership** is made up of one or more general partners as well as one or more limited partners. Limited partners contribute capital and share in profits/losses. These limited partners, however, take no part in the running of the business and are not held liable for the organization's debts. Whether taking part in a general or limited partnership, it is advisable that you draw up a partnership agreement. This document will detail each partner's rights and their responsibilities. Partnerships are required to file both federal and state income tax. While the partnership is not typically taxed, each partner reflects charges for the partnership on his/her personal tax returns.

A **corporation** is an entity, which must be approved by the state of Georgia through the Office of the Secretary of State. A corporation must file federal, state, and local taxes on

its operations. One advantage to a corporation is the protection from liability afforded to shareholders. However, when an organization is small, creditors may require personal guarantees of predominate owners. Another advantage to the corporation is the ease of raising capital through the sale of common or preferred stock. A disadvantage of the corporation is that the organization's income will essentially be taxed twice (once for the business and again on the shareholders personal income tax after collecting dividends). There are two types of corporations: C and S.

The C corporations have their own tax identification numbers and pay their own taxes. The S corporation is the opposite. It is not taxed as if it is a corporation at all. Instead it is taxed similarly to a partnership. Its gains and losses are reflected on the personal income tax of the shareholder. The S corporation does not provide protection from liability to its shareholders. (The distinctions between Sand C corporations can be complicated. It is very important that you consult with someone who is knowledgeable on the subject before making a decision.)

In order to incorporate your business, contact the Office of the Secretary of State. You will then reserve your corporation name. The incorporation process must be completed within 90 days. The Office of the Secretary of State will instruct you in the completion of all documents needed. You will be required to pay an incorporation fee every year by April 1.

The Office of the Secretary of State

315 West Tower
2 Martin Luther King Jr., Drive
Atlanta, Georgia 30334
(404)-656-2817
www.sos.state.gov

An attorney can usually perform the necessary procedures for you for several hundred dollars. How much it will cost depends on the attorney and your business.

The **limited liability company (LLC)** is one that is owned by two or more persons known as members. It is a mixture of other forms of organization. This form combines some of the partnerships, corporations, and S corporation's best features. Similarly to a corporation, you must reserve a name and file the articles of incorporation. You and your fellow members should write an operating agreement to control the conduct of the business. An LLC shields the personal assets of members as if they were shareholders in a corporation. It also eliminates double taxation. Because an LLC is a somewhat new organizational form, it is unclear how the partnership tax rules will apply. You may not be able to conduct inter-state trade as an LLC. Many state and foreign governments have not yet approved this form. In addition an LLC may not have a perpetual life. While this form of organization is gaining popularity, you must take great care in the establishment of an LLC to insure pass-through tax treatment.

LICENSING AND PERMITS INFORMATION

Business License (also called an Occupational Tax)

If you plan to operate a business in the state of Georgia, you must obtain a business license. In some cases such as home-based businesses and county areas outside the incorporated city limits, a license may be needed. You should discuss the details of your situation with the licensing department. The fee for a license is contingent on the location, type, and size of your business.

If your business will be located within the City of Warrenton:

Mary Ann Mosley, City Clerk
Warrenton City Hall
29 Edward D. Ricketson, Jr. Street
Warrenton, GA 30828
(706) 465-3282
cityofw1@bellsouth.net

If your business will be located outside the Warrenton city limits, you may ask about which license may be needed:

Warren County Commissioners Office
521 Main Street
Warrenton, GA 30828
(706) 465-2171
warrencoboc@classicsouth.net

ZONING

Once you have chosen a tentative location for your business, contact the zoning department to determine the permitted uses of that location. There might be special restrictions on that area. **DO NOT INVEST ANY MONEY IN A LOCATION UNTIL ZONING HAS BEEN THOROUGHLY RESEARCHED!!!**

The Office of Zoning Administration can help you determine if your location and type of business are in compliance with ordinances. You may be required to submit your business plans to the zoning office to determine if the business complies/can be adapted to comply with the following:

1. Current zoning classification
2. Building setbacks
3. Off-street parking availability and service entrance requirements
4. Buffer yards or required screening
5. Lot area minimum
6. Sign regulations.

Sign regulations are present throughout Warren County. Applications are filed through the zoning office. For specific information about signage, call the Warrenton City Hall at 706-465-3282. If your plans do not/cannot meet these specifications, you can discuss options with the zoning board. If you find the current zoning classification of your potential location does not allow for your business, you may file an appeal for rezoning. In order to file this appeal, contact City Hall.

City of Warrenton Planning & Zoning Department

Warrenton, Georgia 30828
Telephone: (706) 465-2252

TRADE NAME REGISTRATION

In the State of Georgia, every person, firm, or partnership that conducts business has two options regarding trade name registration: 1) the business name must include the last name of the individual owner of the business. 2) If using a fictitious name (one not including the last name of the individual owner), the fictitious name must be registered in the office of the clerk of the Superior Court of the county where the business is located. A corporation will not need to file this registration, as it will already be registered with the office of the Secretary of State. The fee for Trade name registration is approximately \$25.00.

Check with an attorney regarding any paperwork that needs to be completed. Similar to publishing your intent to incorporate a business, you must publish a notice of your Trade name registration in *The Warrenton Clipper*. You must also file the required affidavit. Notice of the filing of the trade name registration must be published once a week for two weeks in the legal section of the publication. Prices range \$15 to \$35. In order to run your legal advertisement, contact:

The Warrenton Clipper
P.O. Box 306
Warrenton, GA 30828
thewarrentonclipper@yahoo.com
(706) 465-3395

Failure to register a trade name will not nullify contracts signed by the unregistered entity. The court, however, is authorized to assess court costs against the parties who have failed to register the trade name or partnership name at the time an action is filed. Thus the trade name registration prevents a company from having to pay all court costs in an action by or against a company. If you have a question as to whether your business needs to register a trade name, contact the Clerk's office.

To file your Trade name registration, contact:

Shirley Cheeley, Clerk of the Superior Court
P.O. Box 227
Warrenton, GA 31040
(706) 465-2262

Federal Licensing

Most new small businesses most likely will not require any type of federal licensing to conduct business, unless you will be engaged in one of the following activities:

- Rendering investment advice
- Making alcohol products
- Making tobacco products
- Preparing meat products
- Making or dealing in firearms

You would need a Federal permits also to start large operations such as a television station, radio station, common carrier, or producer of drugs or biological products. The aforementioned businesses are all heavily governmentally regulated. For information on federal licensing for these types of businesses, contact:

The U.S. Department of Alcohol, Tobacco, and Firearms

2600 Century Parkway Suite 3430
Atlanta, Georgia 30345
(404) 679-5130

The U.S. Federal Drug Administration

60 8th Street
Atlanta, GA 30309
(404) 347-4265

The U.S. Federal Communications Commission

3575 Kroger Boulevard
Duluth, Georgia 30096
(888) 225-5322

State Licensing

Many licensing regulations should be considered when establishing a business or practicing certain regulated occupations in Georgia. Contact the Secretary of State's office for a listing of all occupations that require state licensing. You can find a complete list of occupations requiring state licenses in Appendix I (Section X). Before applying, you would be well advised to check the current licensing regulations through the office of the Secretary of State, the county and the city.

For information, contact:
Georgia Secretary of State
Licensing Boards Division
166 Pryor Street SW
Atlanta, GA 30303
(404) 656-3900

***The Office of the Secretary of State offers a timesaving booklet entitled Consolidated Registration Information for Businesses. This book is more familiarly known as the BLUE BOOK. This packet includes request forms for governmental departments and agencies that will be instrumental in starting your business. In addition this book contains important phone numbers, addresses, and Internet addresses of offices and departments essential to your business. See the Resource Directory (Section IX) for the list of forms included in this booklet.*

TAXES

STATE OF GEORGIA

Sales and Use Taxes

Every business that sells tangible personal property, such as merchandise, to customers is required to obtain a seller's permit. This is issued from the state sales tax agency. (There are some businesses, however, that are exempt from this requirement.) Typically, a separate permit must be obtained for every business in which property subject to sales tax is sold. If selling to a retailer, wholesalers and manufacturers usually do not have to collect sales tax on the goods they sell. This, however, is contingent on whether the retailer has a valid seller's permit and can provide you with a "resale certificate".

Similarly, retailers are not required to pay sales tax on items you purchase for resale. You may purchase blank resale certificates at office supply stores. If state law requires that your business collect sales and use tax, you must keep detailed records of your gross receipts from sales/rentals. These records must include all sales/rentals whether or not you believe them to be taxable. Your records must also include evidence of all deductions you claim on sales/use tax returns. In addition you must record the total purchase price of all tangible personal property acquired for sale, lease, or consumption. Sales tax forms must be filed monthly. The taxes must also be paid on a monthly basis. You can contact the Georgia Department of Revenue to petition for special permission to pay/file quarterly.

Georgia Department of Revenue
130 Davis Road
Martinez, GA 30907
(706) 651-7600
<http://www.etax.dor.ga.gov/doroff.aspx>

State Excise Taxes

In addition to federal excise tax, you may be responsible for collecting state excise tax as well. The categories are comparable to the federal categories. Alcoholic beverages, tobacco products, motor carriers, and trucks with more than two axles are included in the taxed categories. You should contact the Georgia Department of Revenue for complete information.

For information on state excise taxes, contact:

Georgia Department of Revenue
130 Davis Road
Martinez, GA 30907
(706) 651-7600
<http://www.etax.dor.ga.gov/doroff.aspx>

Estimated State Income Taxes

The State of Georgia also requires that you pay estimated state income taxes. The payment dates for estimated state tax are the same as those for federal payments (See Section K. Federal Income Taxes above). The Form 500ES should be completed for sole proprietorships or partnerships. A 9% per year penalty can be imposed for failure to file an estimated return or failure to pay the correct amount of tax.

FEDERAL

Federal Excise Taxes

There are some forms of business on which the U.S. government requires additional taxation. This will be a tax that you are responsible for collecting. This tax does not come out of your pocket. Typically it is added to the sale price of your product or service. Form 720. Quarterly Federal Excise Tax Return is used to file most federal excise taxes. Federal excise taxes can be broken into nine general categories of products and services.

They are:

- Motor vehicle use tax (vehicles greater than 55,000 lbs. gross weight)
- Retailers tax (certain types of fuels)
- Retail excise tax on the sales of the following: Heavy trucks/trailers, tires and tubes, recreation equipment (e.g. fishing/hunting supplies), firearms and ammunition
- Air transportation tax (if you are transporting people by air, you have to collect this tax)
- Communications taxes (e.g. on telephone or teletype services)
- Wagering taxes
- Taxes on U.S. mined coal
- Environmental taxes (imposed on petroleum products, various chemicals, and hazardous wastes)
- Alcohol, firearms, ammunition, and tobacco taxes

Be sure to contact the IRS for complete information on federal excise taxes.

Internal Revenue Service
2743 Perimeter Parkway
Augusta, GA 30909
(706) 868-1374
<http://www.irs.gov/localcontacts/index.html>

Federal Income Taxes

The amount and way you will pay federal income taxes will be dependent on the legal form in which your business is organized.

For a sole Proprietor or a member of a Partnership: In either of these arrangements you will be required to make estimated federal income tax payments and federal self-employment tax payments in advance. These individual payments are due in four installments. These payment deadlines are April 15, June 15, September 15, and January 15 for one whose tax year is the calendar year. Any amount left unpaid will be due April 15th of the following year. The Form 1040-ES is used to file these taxes. 90% of your estimated tax must be paid during the course of the year.

For a corporation: The Corporation is responsible for paying estimated corporate taxes if it has taxable income. These taxes can be due as soon as the fourth month of the corporation's first tax year. The proper form for filing these taxes is the Form I 120-W. You must deposit these payments in a bank licensed to accept federal tax payments. The corporation will be issued a coupon book. These coupons will carry the corporation's tax ID number and are to be used with all federal tax payment deposits.

All forms necessary to file any of the estimated taxes mentioned above are available at your local IRS office. A coupon book will be mailed to you upon receipt of your Form SS4 (the form filed requesting a tax ID number).

Internal Revenue Service
2743 Perimeter Parkway
Augusta, GA 30909
(706) 868-1374
<http://www.irs.gov/localcontacts/index.html>

Employer Taxes

There are taxes that as an employer you are responsible for both withholding from employee wages as well as paying yourself. For more complete information on employer taxes, see Labor and Safety Regulation Information in Section IV.

Federal Tax Identification Numbers

Your federal tax identification number is the number used to file your taxes. It acts in a similar capacity to your social security number on your personal income taxes. In fact, if you are a sole proprietorship you will probably use your social security number. In partnerships and corporations you will need a Federal Tax ID number. To determine whether you need a Tax ID number, contact the Internal Revenue Service. There is a form in the BLUE BOOK (See Section G- State Licensing above) that you may fill out and mail in for more information.

UTILITIES

Establishing Water, Sewer, and Garbage Service

To establish water, sewer, and garbage service in an existing location within the City of Warrenton, you must contact the Warrenton City Hall.

To establish service in the City of Warrenton contact:

Warrenton City Hall
29 Edward D Ricketson, Jr. Street
Warrenton, GA 30828
cityofw1@bellsouth.net
(706) 465-3282

Some unincorporated areas may be served with municipal water, you must contact the Warren County Board of Commissioners at 706-465-2171 to establish service.

Establishing Electrical Service

Warren County has three possible providers of electrical service. They are the Washington Electric Membership Corporation, Jefferson Electric Membership Corporation or Georgia Power. It will be necessary to discuss the steps to getting service with a customer service representative.

Establishing Telephone Service

To establish telephone service, contact AT&T at 866-620-6000.

LABOR & SAFETY REGULATION INFORMATION

Educating Yourself on Labor/Safety Issues

The Georgia Department of Labor is available to provide consultation to new businesses in the state. The local and state departments offer educational seminars and presentations throughout the year. These classes cover a wide range of labor-related topics such as labor laws, labor issues, prevailing wages, unemployment insurance, benefits, and employment services. It would be advisable to contact the local Georgia Department of Labor (GDOL) office regarding these classes. These seminars are intended to provide you with all the information you need to prepare you for the employment aspects of running a business. You should begin these classes up to one year before your intended start-up. At these seminars you will be provided with a section of the instructional workbook. After attending a certain number of these seminars, you will have the entire workbook. The Georgia Department of labor can help walk you through all of your employment and labor problems.

Georgia Department of Labor

232 Main Street

Thomson, GA 30828

(706) 595-3665

http://www.dol.state.ga.us/find_career_centers.htm

OSHA

The issuing and enforcing of occupational and safety health regulations is handled by the United States Department of Labor. The Occupational Safety and Health Administration (OSHA) is the federal agency which administers these policies. The requirements put forth by OSHA include posting notices to employees and maintaining accurate records of employee injuries. OSHA will provide you with information on all requirements as well as related publications. OSHA policies and regulations must be posted in the workspace where all employees may see.

In addition to OSHA the US government also supports the Employment Standards Administration, Mine Safety and Health Administration, Veterans Employment and Training Service and the Pension and Welfare Benefits Administration. Each of these departments is designed to protect both the employer and employee. Similar to OSHA, each issues and enforces a unique set of requirements and regulations.

Occupational Safety and Health Administration

U.S. Department of Labor 1375 Peachtree Street N.E.

Suite 587

Atlanta, Georgia

(404) 374-3573

EMPLOYER TAX RESPONSIBILITIES

Income Taxes

Businesses with employees must pay employer taxes and withhold employee taxes for both the State and Federal governments. These should be deposited in any Federal Reserve Bank. You will be given a coupon book to accompany your deposits. These deposits are required monthly or quarterly. The Georgia and US Departments of Revenue will determine your time of payment. You will be required to withhold Social Security and Medicare taxes. In addition to this withholding, the employer must pay a matching amount. You should consult the current year tax calendar for present percentages.

Georgia Department of Labor Atlanta Office

148 International Blvd. NE Suite 265 Sussex Place
Atlanta, Georgia 30303-1751 (404) 656-6000

Unemployment Insurance Taxes

Federal Unemployment Insurance Tax is the employer's responsibility. This is not withheld from employee wages. Consult the Employer's Tax Guide for more information on the various taxes that you will be required to pay. The Employer's Tax Guide is a booklet designed to help you with all aspects of taxation. Contact the Georgia and US Departments of Labor and Revenue to receive the Employer's Tax Guide and other relevant information. See contact information below.

If you are a sole proprietor, you are not required to pay withholding. You are however required to pay self-employment tax. Contact the Internal Revenue Service for complete details.

Workers' Compensation Insurance

Workers' Compensation insurance is required of any business with more than three employees. The rates vary with the business type and the risk level. For more information, contact the State Board of Workers' Compensation.

State Board of Workers' Compensation

(404) 656-3875

<https://sbwc.georgia.gov/>

APPLICATION, HIRING, & TERMINATION PROCESS

There are basic ground rules to hiring and firing employees. There are legal requirements to acquiring or terminating employees. If handled incorrectly, personnel issues can result in legal problems. These legal problems can be large enough to shut your business. It is important to make sure all your bases are covered. In addition to the do's and don'ts listed below, contact the Georgia Department of Labor for more on correct hiring and firing policies.

Application and Hiring

DON'T:

- *Ask obvious questions.* Do not ask questions regarding sex, age, race, etc. or anything related to these areas. These are sensitive areas and cannot be used as discriminating factors. Some applicants may believe that all gathered information is used. It is for this reason that you should not ask these questions. It is best to avoid these topics so as to eliminate all possibility of legal problems.
- *Write on the job application form.* Any notes taken during interviews should be made on photocopies or other paper. This allows you to preserve the original application without marring it for your permanent records.

DO:

- *Limit your interview questions to job duties.* There is no reason to ask questions that do not apply to the responsibilities of the position. You may ask if an applicant has any barriers to completing the duties. Do not ask questions like "Do you have children?" or "Are you married?" Small talk is acceptable if the interviewer is careful. Do not venture into conversation that might produce seemingly discriminatory information.
- *Make sure all company procedures follow employment statutes.* Have your advisors or attorney review your system for application, hiring, and termination before you begin hiring and periodically thereafter.
- **EDUCATE YOURSELF!!!!** The best way to prevent problems is to be familiar with the law. When you are in doubt about any issue concerning labor or safety, contact the Georgia Department of Labor. See the Resource Directory for contact information.

TERMINATION

DO's:

- *Review company policies.* If you have not yet developed company policies regarding application, hiring, and termination, call the GDOL. Make a checklist of your procedures. Make sure that you have followed the rules in the firing process. If you have not completed your checklist, **YOU SHOULD NOT TERMINATE THE EMPLOYEE YET.** Take care to finish all steps in the process to alleviate any questions and possible legal repercussions.
- *Have a stated code of expected employee behavior.* Many employers face problems due to unclear expectations of conduct. It is easier to prove reasons for termination if such a code is in place. This documentation will be helpful if you are faced with paying restitution because it will show that you had sufficient cause to terminate the employee.
- *Conduct an exit interview.* This allows you to tie up any loose ends. Final paychecks can be issued, and company property (e.g. keys, paperwork, and files) can be returned. Ask the employee what he/she liked or disliked about your company. Ask for feedback on aspects of your company of which this person has knowledge. This person might be a bit more forthcoming with problems or constructive criticisms than someone who still works there.
- *Keep termination of an employee between you (management) and the employee.* The fired employee will appreciate your discretion in this matter. Termination should not be discussed with other employees. Privacy can help you avoid harsh feelings and legal repercussions.
- *Have employees sign a release.* If you are offering the fired employee severance pay or anything else of value, have him/her sign a release of liability to the company. This may protect you in case of legal action.

Where to Find Your Labor Force

There are many resources through which one can find employees. The first things that typically come to mind are the classified advertisements in local newspapers. You can place ads in these publications for week long and even month long periods. Contact the publication you wish to use for more specific information. The Georgia Department of Labor is an agency that can assist you in finding employees. For more information on how the Georgia Department of Labor can be of assistance, please contact:

Georgia Department of Labor

232 Main Street

Thomson, GA 30828

(706) 595-3665

http://www.dol.state.ga.us/find_career_centers.htm

GeorgiaHIRE

GeorgiaHIRE.com is a free online recruiting service that helps employers find college-educated talent. It is sponsored by the Georgia Board of Regents.

Georgia companies can use an easy 10-point search engine at <http://www.GeorgiaHIRE.com> to search through more than 12,000 resumes of college-educated students and alumni who are actively looking for work.

Employers can search by keywords, type of position and employer the student seeks, major, and graduation date. Another few clicks will send job information and an invitation to apply to the people selected in the search.

Students and alumni can post resumes (and Georgia companies can search them) for free. Resumes are automatically archived after 180 days to ensure that the resumes are current and candidates are still in the job market.

Companies can also post job listings for a small fee. Georgia's public and private colleges and universities are part of GeorgiaHIRE.com.

In 2006 more than 24,900 Georgia students and alumni registered their resumes on GeorgiaHIRE.

American with Disabilities Act

Department of Justice
950 Pennsylvania Avenue, NW
Civil Rights Division
Washington, DC 20530
Telephone: 800-514-0301
Facsimile: 202-307-1198
www.ada.gov

The Americans with Disabilities Act (ADA) has been federal law since 1990. This law is designed, among several things, to reduce physical barriers to employment. Businesses should examine physical barriers at their location and explore if any federal tax deductions or tax credits may be available following ADA expenditures.

FINANCING INFORMATION

When starting a business, one important consideration is where to obtain capital to back your venture. Most start-up businesses require a capital contribution by the entrepreneur, usually 20%. The remaining financing may be available from local banks or may require private investors. There are several Small Business Administration loan programs available to businesses, all of which require bank participation. These loan programs, however, are not guaranteed. They are all subject to change based on the SBA's current budget.

- ***SBA Low Doc.*** This program provides financing for small businesses through guaranteeing a percentage of the bank's loans to the business. The maximum loan is \$150,000 and not more than an 80% guarantee. The loan is administered by the bank and is termed "Low Doc" because documentation has been greatly reduced and red tape is at a minimum. Eligible expenditures are for land and building, machinery and equipment, inventory, and working capital.
- ***SBA Guaranteed Loan Program 7(A).*** This program provides financing to small businesses through guaranteeing a percentage of the bank's loan to the business. Eligible expenditures are for land and building, machinery and equipment, working capital, and some restructure of existing debt. The maximum SBA will guarantee is \$750,000 and not more than 75% of the total loan.
- ***SBA 504 Loan Program.*** This program provides financing for small business through a low interest, fixed rate, long-term loan. The Small Business Administration takes a second lien position behind the bank. Eligible expenditures are for land and building, long-life machinery and equipment. The minimum SBA will finance is \$125,000, and the maximum is \$1,000,000. Job creation is a requirement of the program.

While each of these programs has specific requirements for eligibility, there are certain standards that must be met for all loan programs. A loan applicant must be of good character; show the ability to operate a small business successfully, and have a reasonable amount of his/her own resources to invest to withstand possible losses. In addition, the following will likely be required:

- Credit Report
- Collateral adequate to secure the debt. List of collateral and its value
- Appraisals required on real property used as collateral
- Personal guarantees required of those persons (or companies with 20% ownership)
- Secondary collateral may be required
- Personal financial statements & financial statements of business (if applicable)

How To Apply

You must first seek financing from a bank or other private source. If that is available at reasonable terms, the SBA cannot make the loan. Take your business plan to your banker and discuss your financial requirements with him/her. His/her involvement is essential. Then, contact the Small Business Development Center to discuss the project's eligibility for SBA assistance.

Warren County Financing Institutions:

Kelly Waller
First Citizens Bank
488 Main Street
Warrenton, GA 30828
Telephone: (706) 465-3353

The Warrenton Downtown Development Authority and Hometown Warrenton, Inc. have a façade matching grant that may assist you. You should contact:

SPECIAL SERVICES

Georgia Centers of Innovation

The Centers of Innovation program is charged with providing the resources and services needed to foster growth in the areas of [aerospace](#), [agriculture](#), [life sciences](#), [logistics](#), [manufacturing](#) and information technology; areas of strategic focus as designated by Governor Sonny Perdue in 2003. The Innovation Program works directly with existing businesses and entrepreneurs to foster growth within each sector.

More than a think tank, each center provides tangible services such as access to university level research and development, industry specific business incubator space, training, business management services and matching research grants for qualified companies. Additional keynote services include the facilitation of significant networking opportunities and connecting clients to industry thought leaders as well as potential investors.

While many of the core services are similar in concept throughout the entire program, each center brings specialty services - including industry specific contacts and knowledge to the table. For example, the [manufacturing center](#) provides customized training with the latest in robotics equipment; the [agriculture center](#) offers on-site access to state and national research labs; [logistics'](#) expertise is coupled with a working relationship with the Georgia Ports Authority and the [life sciences](#) center is located in heart of the [Medical College of Georgia](#).

The Centers of Innovation program is strengthened by its affiliation with the [Georgia Department of Economic Development](#), the [OneGeorgia Authority](#) and the entire [University System of Georgia](#), including research universities and technical colleges.

WARREN COUNTY RESOURCE DIRECTORY

When starting a business it is important to have a diverse base of information sources. One way to insure success is through education. The more you know about your field, the better off your business will be. The following is a list of potential resources for information.

- **City of Warrenton:** Main number is 706-465-3282
- **Warren County Court House:** Main number is 706-465-2171
- **Sandersville Technical College:** Located on Deepstep Rd. in Sandersville, GA, 31082, Telephone Number 478-553-2050
- **Georgia Department of Labor:** 232 Main Street, Thomson, GA 30828; 706-595-3665; http://www.dol.state.ga.us/find_career_centers.htm
- **Georgia Tech Enterprise Innovation Institute:** Located at 1054 Claussen Rd., Suite 301, Augusta, GA 30907. Telephone: (706) 737-1415. <http://innovate.gatech.edu/>
- **Small Business Development Center:** Offers a wide range of free business consulting services for potential business owners including assistance in starting a business, obtaining financing, and developing marketing and managerial plans. <http://www.sbdc.uga.edu>

GLOSSARY OF TERMS

Assets - Resources, owned or controlled by a company, that have future benefits. These benefits must be quantifiable in monetary terms.

Balance Sheet - A list of a company's assets, liabilities, and owner's equity at a particular point in time.

Break Even - The unit volume where total revenue equals total cost; there is neither profit nor loss.

Capacity - The amount of goods or work that can be produced by a company given its level of equipment, labor, and facilities.

Capital - The funds necessary to establish or operate a business.

Cash Flow - The movement of money into and out of a company; actual income received and actual payments made out.

Cash Flow Statement - A presentation of the cash inflows and outflows for a particular period of time. These flows are grouped into major categories of cash from operations, cash investing activities, and cash-financing activities.

Collateral - Assets pledged in return for loans.

Conventional Financing - Financing from established lenders, such as banks, rather than from investors; debt financing.

Debt Financing - Raising money for a business by borrowing, often in the form of bank loans. (See Conventional Financing above)

Debt Service - Money being paid out on a loan; the amount necessary to keep a loan from going into default.

Disbursements - Money paid out.

Equity - Shares of stock in a company; ownership interest in a company.

Expenses - Outflows of resources to generate revenues.

Fixed Costs - Those costs that are not responsive to changes in volume over the relevant range of time.

GDOL - Georgia Department of Labor.

HGTC - Heart of Georgia Technical College in Dublin.

Income Statement - A matching of a company's accomplishments (i.e. sales) with effort (expenses from operations) during a particular period of time. (Revenues -Expenses = Net Income)

Leasehold Improvements - The changes made to a rented store, office or plant, to suit the tenant and make the location more appropriate for the conduct of the tenant's business.

Letter of Intent - A letter or other document by a customer indicating the customer's intention to buy from a company.

Liabilities - Commitments to payout assets (typically cash) to or render services for creditors.

Licensing - The granting or permission by one company to another to use its products, trademark, or name in a limited, particular manner.

Liquidity - The ability to turn assets into cash quickly and easily.

Market Share - The percentage of the total available customer base captured by a company.

Net Worth - The total ownership interest in a company, represented by the excess of the

total amount of assets minus the total amount of liabilities.

Partnership - A legal relationship of two or more individuals to run a company.

Profit Margin - The amount of money earned after the cost of goods or all operating expenses are deducted; usually expressed in percentage terms.

Pro Forma Statements - A financial statements detailing management's predictions.

Receipts - Funds coming into the company; the actual money paid to the company for its products or services; not necessarily the same as a company's actual receipts.

SBA - Small Business Administration

SBDC- Small Business Development Center

Sole Proprietorship - Company owned and managed by one person.

Variable Costs - Those costs that are directly responsive to changes in volume over the relevant range of time.

Venture Capitalists - Individuals or firms who invest money in new enterprises.

Working Capital - The cash available to the company for the ongoing operations of the business.
